

CITY WELCOMES OLD
HEROES OF 76th REGT.
Flags and Bunting Displayed in Honor
of Boys in Blue Who Enlisted in
Licking County Regiment

REUNION WAS HELD IN MEMORIAL HALL BUILDING

Association Has Decided to Enlarge Roll of Mem-
bers and Invites Lineal Descendants of Mem-
bers of 76th to Join--Fighting Organ-
ization That Participated in
Many Battles.

The annual reunion of the old Seventy-Sixth Regiment Ohio Volunteer Infantry association was held in the G. A. R. Hall in the Memorial building in this city Wednesday, and was the occasion of much patriotic enthusiasm on the part of citizens of Newark. Flags and banners floated from many of the business buildings of the city, while many private residences were decorated in honor of the occasion.

The reunion of this regiment in 1911 is one that will stand out in bold type in the history of this grand old regiment, was distinctively a Licking County regiment, commanded by Licking county men.

For a number of years the annual reunions of this regiment have been held in Newark, where it seems especially fitting to hold them in view of the fact that the regiment was recruited here, and from which point the members of the regiment broke camp and marched to the front to offer themselves a sacrifice for the stars and stripes which floated so proudly over the city Wednesday. All old soldiers seem to be a happy lot of fellows, but the members of the old Seventy-Sixth regiment were particularly jolly and a more wholesome greeting than that extended by the old comrades to one another would be hard to find. The old soldiers were so glad to see one another Wednesday, that they did not wait to give the high handshake of society, but the hearty clasp that comes straight from the heart.

The morning session of the reunion was devoted to renewing old acquaintances, exchanging reminiscences, registration and the transaction of regular business, such as hearing reports, election of officers, etc., and in having a good time generally.

The reports of the secretary and treasurer were read, both showing the association to be in good shape. During the past year a number of the old comrades have answered the last call and have crossed over to the other shore.

The following officers were elected for the ensuing year:
President—Elijah Beckman, Marysville.
Vice President—Marion Crissman, Newark.
Treasurer—John Hiser, Newark.
Secretary—Johnston Haughey, Chaplain—Joseph M. Scott.

The following resolution looking to the enlargement of the roll of members of the association was adopted.

Whereas it has been considered proper and desirable to enlarge the membership of the association of the members of the Seventy-Sixth Ohio Volunteer Infantry, so as to include in the membership not only the surviving members of that regiment, but also the living sons, grandsons and other lineal descendants of all the enrolled members of that regiment, and thereby provide for the continued existence of the regimental organization, and this association, and it is now on this regular meeting and reunion.

Resolved, That to perfect such membership it shall be necessary that the sons, grandsons and other lineal descendants state in writing to the secretary of the association their names, their relationship to the members of the regiment, whether living or dead, and expressing a desire for membership, sign their names to the roll of members of the association and that in so doing they shall each thereby be and become full members and entitled to participate in the proceedings and business matters of the association and to vote upon all questions arising.

ARRANGEMENTS FOR
SCHLEY FUNERAL

Washington, Oct. 4.—The army and navy joined hands today in final arrangements for the funeral of Rear Admiral Schley. The pallbearers will consist of six rear admirals representing the navy, General Nelson Miles, representing the army, and Judge Hagner of Washington, a life-long friend of Schley. The funeral will take place tomorrow at 1 o'clock from the home and later from St. John's Episcopal church.

OHIO BUILDING
ASSOCIATIONS IN
ANNUAL SESSION

Columbus, Oct. 4.—With over 350 delegates from all parts of the state present, the twenty-third annual convention of the Ohio Building Association League opened here today.

896 members or depositors in Ohio; that the average rate of interest charged borrowers is 6.22 per cent; that the average dividend declared is 5.36 per cent and that the average rate of interest paid depositors is 4.31 per cent. The convention will close tomorrow.

TRAIN HELD UP;
CARS LOOTED

Bartlettville, Okla., Oct. 4.—A Missouri, Kansas and Texas railway passenger train was held up 10 miles from here this morning by three masked bandits. The mail and baggage cars were rifled, but the passengers were left unmolested. It is not known how much loot the robbers secured, but it is stated that there were two trunks of valuable jewelry on the train. Bloodhounds have been placed on the trail.

FAIL TO SHOW
WHERE MONEY
WAS EXPENDED

Milwaukee, Oct. 4.—A determined effort to learn where the vast sum of money spent by United States Senator Stevenson in the primary election of 1908 was expended, overshadowed all other angles of the senate committee's investigation of the Stevenson election today. Examination of Stevenson himself, his campaign manager and other political lieutenants has failed to show where the money went. Chairman Sheburn declares he is determined to get more details of these expenditures. He wants to know more about "looking after, organizing and talking over the situation."

MT. VERNON
STUDENTS ARE IN
BAD WITH BOARD

Mt. Vernon, Oct. 4.—At a meeting of the school board here Monday, the board voted to put extra locks on the doors of all recitation rooms and entrances to the high school. This action was taken to keep the boys students out of the building after night, while they are playing their class pranks.

WOMAN CRIED

"This Will End It All," But It Didn't, As She Fell Upon a Soft Cot.

New York, Oct. 4.—Screaming "This will end it all," Mrs. Annie Myers, 47, leaped from the third story window of her home in Brooklyn. Horrified neighbors heard the thud of a falling body, and rushing out, found that the woman had struck a cot in the yard. Her only injury was a slight scalp wound, sustained when she bounced off the cot to the ground.

ANDREW CARNEGIE

And Mrs. Sage Head the Moneyed Parade in New York, According to New Tax Duplicate.

New York, Oct. 4.—The blue list of leading New York millionaires was made public today. It is included in the list of personal tax assessments. Andrew Carnegie and Mrs. Russell Sage headed the moneyed parade, each being assessed at \$10,000,000. J. P. Morgan is left off with a mere \$900,000—two hundred thousand less than the city fathers classify Joseph Pulitzer. The Vanderbilts are represented by assessments aggregating more than \$2,000,000. John D. Rockefeller will pay on the basis of \$5,000,000. The total assessed valuation of real estate in New York is \$7,525,474,063—an increase of nearly \$150,000,000 over last year.

LEWIS IN RACE
FOR PRESIDENCY

Bridgeport, O., Oct. 4.—Letters received by miners here today announce the candidacy of Tom L. Lewis as national president of the United Mine Workers. Lewis was defeated a year ago. At the time of his defeat Lewis announced that he would return to the mines and work as a day laborer. He made good his boast and by working daily in the mines has endeared himself to the hearts of all miners.

REAL WILD WEST
TOURNAMENT FOR
PRESIDENT TAFT

Cheyenne, Wyo., Oct. 4.—Scenes of the old wild west days were recreated today under the admiring eyes of the president of the United States. Several hundred gaily dressed cowboys with lariats and ponies were in evidence today when the city turned out to greet President Taft. Bunching, roping contests and other stunts were pulled off for the benefit of the chief executive. The president made a short address, being introduced by Senator Warren.

SCENES WHERE THE DEATHS WERE MOST
NUMEROUS—RUINS ON THE MAIN STREET

ARROW SHOWS WHERE 21 BODIES WERE FOUND
RUINS OF CHURCH (RIGHT OF MIDDLE) AND WRECKED HOUSES ON THE MAIN STREET

Austin, Pa., Oct. 4.—Although it had been repeatedly stated by engineers that the dam of the paper company had been in a weakened condition for over a year, the responsibility for its breaking, costing the lives of many persons and wrecking this little town, will probably never be fixed. Both Governor Tener and State Water Commissioner Feitz indicated this today in statements made after an inspection of the big dam.

"It is too early to talk of prosecution," said the governor. "The state never passed on the safety of this dam, and no complaint was ever made against it. Our engineers never inspected it. The law does not give us jurisdiction over dams on such streams as this."

With 600 workmen attacking the piles of debris on the site of what was once the pretty little village of streets, the chaotic conditions are fast being changed, but though the unsightly piles are diminishing few bodies are being held.

The belief is held now that many of the bodies were entirely destroyed by being ground to pulp by the huge battering ram of lumber that rode the crest of the flood. Others may have been scattered down the valley and buried in mud, while still others were consumed by fire. The exact toll may never be known.

Only six bodies were recovered yesterday, beside the face of another and a skull so badly charred that neither the sex nor the approximate age of the victim could be determined. The total number of known dead in the catastrophe of last Saturday stands at 38. All but one of the bodies were identified.

The first business enterprise since the destruction of the village appeared when several storekeepers began to display their wares. One tobaccoist salvaged a quantity of cigars, tobacco and cigarettes, but soon sold out his stock.

Considerable anxiety is felt by the state officers in charge because of the non-arrival of several carloads of supplies that have been reported on the way.

"We want food and we want money," was the appeal of Dr. S. G. Dixon.

on, state health commissioner, in charge of the work today. "The food supply is getting low, and, as we are increasing our working force we must find a way to feed them."

The regular water supply has been re-established. An inquest will be held Friday.

Governor John K. Tener reached here with several state officials several hours behind his scheduled time to inspect the broken dam and the territory devastated by the flood of last Saturday.

"I will not only recommend, but will urge the passage of legislation which will give the state control over such dams, not only those to be built, but those already built," said the governor.

At a conference behind closed doors in which the governor and all the state officials here participated, Dr. S. G. Dixon, state health commissioner, submitted a report of what had been done and what was proposed to be done in the nature of rescue and relief work. The governor signified his approval of the report.

By Friday and will be filed with the commissioners Saturday. They declare the election will be held before the municipal election in November.

TRIPOLI HAS FALLEN
AND WHITE FLAG FLIES
OVER FORTRESS TODAY

Berlin, Oct. 4.—Tripoli has fallen after a most heroic defense by the Turkish garrison. With obsolete guns and protected only by the crumbling walls of antiquated fortresses, the Turks sustained for hours a terrible bombardment from the Italian fleet. Although they must have known that the fight was hopeless from the first, the Turkish troops stood gallantly to their guns. The shots from their ancient short range guns fell far short of the attacking warships, but the Turks obstinately refused to surrender. It was only when the fort had ceased to be anything but a pile of ruins, when the governor's palace had been demolished and the military barracks were blazing, that the garrison finally withdrew.

A white flag now flies over the fortress.

London, Oct. 4.—Authentic reports reached here today that the Italian fleet is bombarding Prevesa, and further that Italian warships have fired upon three ships flying the British flag. Two of the ships fired upon are alleged to have been carrying Turkish troops and ammunition. They were captured and taken to an Italian port and the third was sunk. Italy's bombardment of Prevesa is in direct defiance to Austria. On Monday the emperor's government notified Italy that if she carried the war into Europe Austria would be compelled to dispatch warships to the scene of the trouble.

This news is regarded here as greatly increasing the gravity of the situation, as it means that Italy has totally disregarded the warning of the Powers that the war must be confined to Tripoli. At the same time a dispatch was received telling of the surrender of Prevesa. It is not known whether the Italian troops

have been landed in Tripoli or not.

Constantinople, Oct. 4.—Complaint has been made to the British consul here that Italian warships have sunk a motor coastguard boat flying the British flag. British complications are considered most likely.

Rome, Oct. 4.—Vice Admiral Faravelli, commanding the Italian fleet off Tripoli, reports that yesterday's bombardment of the city's fortifications continued until sunset, the Turkish batteries replying ineffectually. The admiral added that he expected to resume the bombardment today. He is carefully refraining from shelling the town.

Paris, Oct. 4.—The Turkish authorities at Prevesa having ignored a demand from the Duke of Abruzzi for the surrender of three Turkish warships in the harbor there the Italian fleet is bombarding the city today, according to a message by telephone from Milan.

Constantinople, Oct. 4.—Discouraged by the failure of all other appeals to the Powers, the sultan's advisers are said today to be preparing to abandon Tripoli. It is reported here that the city surrendered at 5 o'clock yesterday afternoon.

Efforts to Prevent
Wets From Signing
Option Petition

Marion, Oct. 4.—The wet and dry campaign was begun in earnest yesterday when the Anti Saloon League used page advertisements in local papers asking voters not to sign the wet petition. The wets announced last night that they have secured so many signatures that the petition will be complete

OH, GIRLS, WHAT
YOU THINK OF THIS?

Meriden, Conn., Oct. 4.—Suppers at 25 cents each, ice cream at 10 cents, chocolates at 35 cents a pound, car fares and even a waiter's tip of 25 cents, figure in the suit for \$12.53 brought in the city court today by Peter V. Hall, a painter, against Miss Theresa Aicher of this place to recover money spent on the young woman between June 7 and July 22 of this year, while Hall hoped to make her his wife. She changed her mind, he says, and he wants his money back.

COLORED MAN IS

CHIEF CHEMIST TO RULE

Reorganization of Pure Food and
Drug Board Will Occur at
Once.

Washington, Oct. 4.—In a sudden succession of orders, an initial move in the expected reorganization of the department of agriculture, Solicitor George P. McCabe has been retired from the pure food and drug board; Associate Chemist F. L. Dunlap, closely associated with McCabe, was allowed a leave of absence until the president's return, and Chemist Harvey W. Wiley, was left apparently in supreme command of the board. Dr. R. E. Doolittle of New York was temporarily appointed to the board to succeed Mr. McCabe.

These changes were announced by Secretary Wilson, following a conference with Dr. Wiley, who has been on a long vacation. They were deemed inevitable in view of the official and personal antagonism aired before a congressional committee last summer and Dr. Wiley's exoneration by President Taft, after Attorney General Wickensham, with views aligned with those of Secretary Wilson and Solicitor McCabe, had recommended Dr. Wiley's removal from office as head of the technical irregularity in appointive methods, the responsibility for which he denied.

The pure food and drug board is the agency which passes upon many important cases arising under the enforcement of the pure food law. Dr. Wiley, on the one hand, and Solicitor McCabe and Dr. Dunlap on the other, were the members of the board. Dr. Wiley declared that he was usually outvoted and made a number of sensational statements in the investigation of the controversy. Smarting under the frequent overruling of his views, wherein he held food products deleterious to health, he told a congressional committee that he regarded his associate, Dr. Dunlap, as his superior officer.

Secretary Wilson's brief announcement of the change stated that Solicitor McCabe voluntarily resigned and that his resignation had been accepted.

Dr. Dunlap was acting chairman of the board when Dr. Wiley was absent from Washington. Whether Dr. Dunlap will return to his duties on the board was not stated. His temporary withdrawal was attributed officially to the fact that he is to take the customary four weeks' vacation, but Secretary Wilson said that Dr. Dunlap would not return until after President Taft had returned to Washington.

WILL MOBILIZE
IN NEW YORK

Washington, Oct. 4.—The North Atlantic fleet will make no cruise this winter, but instead there will be a mobilization of the nation's sea-fighting force in New York in November by a sudden movement similar to that of the army eight months ago. The date for this mobilization will be known to no one except the secretary of the navy.

DOUBLE GUARD
FOR PRES. TAFT

Denver, Colo., Oct. 4.—Chief of Police Armstrong admitted today that he had doubled the guard about President Taft following a rumor that a plot was on foot to assassinate the chief executive. Twenty mounted policemen and a dozen detectives were added to the regular escort.

REP. L. S. KUEBER
DEAD AT MANSFIELD

Mansfield, Oct. 4.—Lewis S. Kueber, legislative representative from Richland county, died at his home here today of heart trouble. He was born at Tiffin in 1854. Mr. Kueber was editor and publisher of the Mansfield Courier. He served four years as county treasurer previous to his election as representative in 1908.

Society

Many friends and neighbors gathered at the home of Mr. D. L. Evans in the Welsh Hills on Saturday, Sept. 30th, to celebrate his eightieth birthday. At noon a sumptuous dinner was served. In the afternoon music was the main diversion. The guests departed for their homes about four o'clock, wishing Mr. Evans many returns of the day.

The new year book for the Review club for the year 1911 and 1912 has been issued. The cover remains the same and the style of last year's book has been followed in detail in the new issue. The studies for the year are "Travel in Italy" and "Civics." The officers of the club are: President, Mrs. B. M. East; first vice president, Miss Anne Wotring; second vice president, Mrs. Ida M. Jones; recording secretary, Mrs. W. C. Symons; corresponding secretary, Miss Edith Mackay; treasurer, Miss Genevieve Forry; librarian, Mrs. C. L. Sturgeon; auditor, Mrs. John Tucker. The program committee consists of the following: Mrs. W. C. Symons, Mrs. William Zentmyer, Miss Anne Wotring and Mrs. Edward Kibler.

The first meeting of this club year will be held October 23 at the home of the president, Mrs. Bristol M. East.

A very pleasant surprise was planned and successfully carried out on C. J. Hoffman at his country home, ten miles southeast of Newark, Sunday, it being his birthday anniversary. At the noon hour an elaborate dinner was served. The afternoon was spent pleasantly with music and a trip over the farm. All present spent a very enjoyable day and wished for many more such occasions.

Those present were: Messrs. and Mesdames John Williams, Homer Rogers, Carl Graef, Burt Lawrence, Lebl Hiler, John McCracken, Charles Ahl, Charles Huffman, Mrs. Margaret Huffman, Mrs. Lois Trout, Misses Geneva Porter, Leone McCracken, Clara and Emma Huffman, Emerree and Lela Williams, Elda Huffman, May Rogers, Messrs. Walter Trout, Charles Shoefelt, Raymond Huffman, Mell Hayes, Harvey Rogers, Harry Huffman and Kenneth and Robert Lawrence.

LEWIS-MARKHAM.
On Wednesday at high noon was solemnized the wedding of Miss Bessie Markham, second daughter of Mr. and Mrs. William H. Markham of Maholin street and Mr. Raymond Lewis. The ceremony took place at the parsonage of the Holy Trinity church in West Main street, Rev. C. C. Roof reading the beautiful ring service.

The bride was charmingly gowned in a tan traveling suit and wore a beaver hat. The young people were attended by Mr. and Mrs. Wallace Melick and Mr. and Mrs. A. S. Mitchell. Mr. A. S. Mitchell has been the Sunday

school teacher of both bride and groom.

Mr. and Mrs. Lewis left immediately after the ceremony for Wheeling, W. Va., where they will be the guests of relatives, returning to Newark Saturday evening when a reception will be held at the Lewis home for them.

Both young people have a host of friends and the groom is the son of Mr. and Mrs. E. C. Lewis, of 44 Bates street and is employed as a gas driller.

Mr. and Mrs. Lewis will be at home to their friends after December 1, at their home in Sharon Valley.

HAIGHT-GRAEF.
The wedding on Tuesday evening of Miss Helen Graef and Mr. Earl R. Haight was an exceptionally pretty and simple event. In keeping with the fall season, the front parlor of the home of Mrs. D. W. Matticks in West Church street, where the ceremony was solemnized, goldenrod and fall flowers were used in profusion.

The service was read at 7:30 o'clock by Rev. T. A. Cosgrove, pastor of the Second Presbyterian church and the young people were unattended. The bride wore a beautiful costume of blue marquisette over blue silk. The ring ceremony was used. The wedding march was Lohengrin's and was beautifully rendered by Mrs. Roy Brenholtz.

Following the wedding a dinner was served. The bride's table presented an attractive appearance with its decorations of greenery and flowers.

Mr. and Mrs. Haight left for a trip north and on their return will for the present reside in Bucyrus, O.

CENTENNIAL.
Mr. and Mrs. Albert Riley spent Sunday with Dr. and Mrs. McKelvy of Chatham.

Mattie Williams was remembered by her friends Friday with a postcard shower in honor of her birthday anniversary.

Mr. E. C. Aispach attended the M. E. Conference at Newark from Wednesday until Sunday.

The Licking County Pomona Grange will meet at this place Saturday, Oct. 14. All granges are cordially invited to be present.

Mrs. Angeline Riley will leave on Wednesday for Danville, where she will attend the Christian conference.

Mr. Ralph Haas spent Saturday night and Sunday in Mt. Vernon. His brother, C. G. Haas, returned home with him for a few days' visit.

Misses Mabel and Marie Riley and Mr. Laurence Haas spent Sunday with Gertrude and Clifford Aispach.

Mr. and Mrs. Walter Specht were guests of Miss Martha Preston of Utica Sunday.

Mr. and Mrs. F. M. Toothaker were guests of H. G. Toothaker and family of Newark Sunday.

HEART AND HOME TALKS

BY BARBARA BOYD

Fruit as an Article of Diet.

If you want to improve your health this winter or keep it up to par, add a generous quantity of fruit to your diet, and note results. Instead of spending money for medicine, particularly of a laxative nature, spend it for fruit. Fruit is more palatable than medicine, and far more beneficial.

If the business man or woman who suffers from a tired, languid feeling after lunch will drink a little pure grape juice, eat an apple or some fruit rich in fruit sugar, it will prove the best kind of "bracer" he can take.

There are good reasons based on chemical laws back of the eating of fruit to show why it is beneficial. But notwithstanding these indisputable facts, many neglect this delicious aid to digestion, and pass by the fruit-stand for the drug-shop.

Levulose, or fruit-sugar, is starch in such a state of digestion that it can be almost instantly absorbed by the body. Starch is an energy-producing food. Thus when you eat fruit rich in fruit-sugar, you are energizing yourself in one of the quickest ways. And it is real energy, not the false energy of intoxicants, for you are getting real food.

Also, fruit acids are inimical to germs. So that in plentifully eating fruit, you are keeping the alimentary tract pure and healthful.

Fruits, also, though they do not have a high nutritive value as regards muscle-building tissue, contain certain salts and solvents very necessary to the well-being of the body. Fruit is the best way to introduce these acids into the system, and surely the most palatable way.

The fact that some fruits do not seem to agree with one is probably due to the fact that they are not properly masticated. Fruit needs to be chewed quite as much as other food. But because it is soft and juicy, it frequently is scarcely chewed at all. Hence it often proves indigestible. This is frequently true of apples. Many say they cannot eat apples. But if they would thoroughly chew the apple-pulp they would probably have no digestive disagreement with it whatever.

Fruit, too, needs to be properly ripened in order to be most digestible. It should be neither under-ripe nor over-ripe. These conditions sometimes cause it to disagree with people, when the properly ripened fruit would cause no trouble whatever. Fruit from tropical countries that is picked green is not so palatable nor so digestible as fruit that is ripened on the trees. But of course in some fruits, this is almost-unavoidable. Only one should not condemn all fruit, because some, which is not, in one sense what it should be, disagrees with one.

The dried cherry, the date, the dried fig, the prune and the raisin are highest in all round food value. But even those in which water is the chief ingredient are valuable. For as has been said, these fruit juices, though they may not be nutritive, as meat and grain are, have other elements most essential to the human system. And the one who eats liberally of fruit, will find himself in many ways much better off physically than when fruit was but a small part of his diet.

minutes. Put some lean, cold boiled ham through the food chopper, heat some well seasoned tomato sauce and cut fine a little parsley. Drain the rice when done and let the colander stand in the open oven for three or four minutes. On a hot platter spread half of the rice, over it sprinkle a third of the ham and about the same quantity of sauce. Add the remainder of each in the same order and over all sprinkle the parsley. Serve quickly.

Maple Ice Cream—Heat quickly one pint of rich maple syrup, let stand off the fire for a moment, then pour in a thin stream over six eggs beaten until very light. Return to the fire in a double boiler and stir, lifting frequently, until the mixture is thick enough to coat the back of a spoon. Strain and stand aside until cold, stirring occasionally. Add one pint of good cream and one teaspoonful of vanilla and freeze.

Law Contained Joker.

The new law which, it was supposed, required grocers and hucksters to sell fruits and vegetables by weight is practically worthless. Unless patrons demand that scales be used, dealers may continue to measure out orders by the quart, peck, half bushel and bushel.

It has been discovered that the bill contains a joker, which requires the sale of goods by measure only "when the parties agreed." The result is that in most places products are sold in the old way, for unless the purchaser demands that the scales be used, the merchant may assume that the measure is satisfactory.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently." —Hon. John R. Garrett, Mayor, Girard, Ala.

COLD WEATHER GARB FOR A YOUNG GIRL.

One of many good points about a full length coat of black plush is that furs of any sort perfectly accord with it. This exceedingly pretty girl is wearing her winter outfit of striped grey fox and the set includes a broad neckpiece trimmed with three handsome brushes, a flat muff decorated with two heads and a Russian furban with a wide brim and rather high crown. The two flat pieces are faced with black plush and the hat of large head-size is trimmed with a short brush centered with a knot of black velvet.

HEALTH HINT FOR TODAY.

Reducing the Abdomen.
Deep breathing should be in-
cluded in the exercise for reduc-
ing the abdomen. Wear a loose
wrapper and stand before an
open window. Inhale deeply
and slowly, drawing in the mus-
cles of the abdomen at the same
time. Hold the breath while
counting six and exhale. After
repeating six or eight times, prac-
tice the following: Lie on back
on floor or couch with hands
clamped under neck and lift one
leg until it is perpendicular with
the body. Return to its first po-
sition and repeat with the other
leg, practicing alternately a doz-
en times or more.
This exercise is also good:
With arms hanging loosely at
the side, feet planted firmly on
the floor, bend body forward six
times, then to each side and to
the back. Finish with another
deep breathing exercise of a min-
ute and a half or two minutes.
These exercises should not con-
sume more than ten minutes'
time and should be practiced
daily.

COMPETITIVE PRICES FOR SCHOOL BOOKS

State School Commissioner Miller
strongly advocates a state unit law
under which book concerns would
make competitive bids for supplying
books to state schools, and under
which the book company making the
lowest bid would be permitted to in-
stall a complete set of books in the
state.
That the schools narrowly escaped
being caught in the toils of a book
monopoly, was another contention put
forward by the commissioner. "If
there is such a thing as a book trust,"
he said, "that trust attempted to win
Ohio for its own and escaped doing so
by the narrowest of margins. Had
the listing of books at 60 per cent of
the list price been permitted, instead
of the 75 per cent, provided for by
law, every book concern but one would
have been frozen out of the state. The
book company in question listed its
books a year ago while the others
have not done so for five years, and
by selling to the state at 60 per cent,
would have made money while the
others lost."
"Had the other companies complied
with the 60 per cent listing they would

have been compelled to do so all over
the country. In preference to doing
this they would have withdrawn from
the state, leaving a single company
in undisputed possession. If money is
to be saved the people of the State on
school books, it must be done through
a state unit book law."

If the electors had not taken control
of the state's purse strings away from
Republicans, the commonwealth would
now undoubtedly be bankrupt. In
two years (1909 and 1910) Republican
General Assemblies lowered the treas-
ury balance from \$3,000,000 to \$500,000.

The Hamilton county budget com-
mission saved the tax payers of that
municipality \$8,000 a year by cutting
\$5,000 from the Mayor's annual salary,
and \$3,000 from the yearly compensa-
tion of the vice-mayor. Still some
Republican papers assert that there
will not be a saving under the Smith
one per cent tax rate bill.

OUTLOOK DARK FOR REPUBLICANS

The following is a special telegram
from Columbus to the Chicago Tri-
bune, Republican, which was pub-
lished in that paper last Friday:

"Republicans find the outlook for a
return to control in state government
growing darker and darker. The Har-
mon administration, even in its fond-
est anticipations, hardly expected such
general satisfaction with its policies
to exist as is now evident, particularly
with reference to taxation.

The public for many years has been
restive under hints and even charges
of discrimination in taxes, whereby
corporations escaped to the detriment
of the home owner. Until the last
few months little or nothing was done
to relieve them.

Harmon's tax commission, however,
added many millions of dollars to the
valuations of corporate interests. It
also has run down numerous tax dodg-
ers.

Having a million or more able-
bodied men in military service, Ger-
many requires the employment of
an enormous number of women
in the factories and fields. The men
are not producers like they are in the
United States.

The iron and steel exports for the
past year furnish some fairly conclu-
sive proof of the lack of any necessity
for the high tariff protection still to
be found in that schedule. These ex-
ports amounted to over \$230,000,000,
or fifty-five millions more than in the
preceding year and forty-seven mil-
lions more than any preceding year.
This increase was distributed among
nearly all of the principal classes of
iron and steel, and included machinery,
sewing machines, wires, structural iron
and steel, builders' hardware, tools,
typewriters, pipes and fittings, bars,
rods and locomotives. In fact there
was scarcely any iron and steel man-
ufactures that was unrepresented in
this export business. This, too, has
been done during a year when the ex-
port price—which means the price
fixed by competition in the world's
markets—was on a lower level than in
years.

A LIBERAL OFFER

We Guarantee to Relieve Dyspepsia.
If We Fail the Medicine
Costs Nothing.

To unquestionably prove to the peo-
ple that indigestion and dyspepsia can
be permanently relieved and that Rex-
all Dyspepsia Tablets will bring about
this result, we will furnish the medi-
cine absolutely free if it fails to give
satisfaction to any one using it.

The remarkable success of Rexall
Dyspepsia Tablets is due to the high
degree of scientific skill used in de-
vising their formula as well as to the
care exercised in their manufacture,
whereby the well-known properties of
Bismuth-Subnitrate and Pepsin have
been combined with Carminatives and
other agents.

Bismuth-Subnitrate and Pepsin are
constantly employed and recognized by
the entire medical profession as in-
valuable in the treatment of indiges-
tion and dyspepsia.

The Pepsin used in Rexall Dyspep-
sia Tablets is carefully prepared so as
to develop its greatest efficiency. Pepsin
supplies to the digestive apparatus
one of the most important elements
of the digestive fluid. Without it the
digestion and assimilation of food are
impossible.

The Carminatives possess properties
which aid in relieving the disturbances
and pain caused by undigested food.
This combination of these ingredients
makes a remedy invaluable for the
complete relief of indigestion and dys-
pepsia.

We are so certain of this that we
urge you to try Rexall Dyspepsia Ta-
blets on our own personal guarantee.
Three sizes, 25 cents, 50 cents, and
\$1.00. Remember, you can obtain Rex-
all Remedies only at our store—The
Rexall Store, Frank D. Hall, 10 North
Side Square.

THE SOLACE.

Our home is rather humble, Maud, the roof is on the bum;
The kitchen table's wicker-jawed the chairs are out of plumb;
The stairway railing's badly backed, the screen door has no catch,
Our crockery is mostly cracked, the glassware doesn't match. I do not
blame you that you sigh and shed a tear that smart, when you see
rich dames swooning buy in gorgeous chug-chug carts. We have this
comfort, though, my pet—a joy that never soured: We're absolutely
out of debt and what we have is ours. I'd rather use a sway-backed
chair, attired in garments frayed, than loiter on divans rich and rare,
for which I hadn't paid. Some day I hope to take you, dear, a trip
around the globe, and you will make the queens look queer when in
your jeweled robe; but until I can raise the price, to give you
gems, my pet, this cheap John layout must suffice—I will not go
in debt.

NOTICE FROM THE BOARD OF REVIEW

Our faith in the honesty of the tax-
payers of this city is fully justified by
results. We believed at the outset of
our official duties, if the people of
Newark were fully acquainted with
the provisions of the Smith one-per-
cent law, all would cheerfully comply
with its requirements. Many people
thought that after real estate was
placed on the tax duplicate at its true
value in money, and moneys and
building and loan stocks honestly re-
turned for taxation, some method
would be devised by the taxing au-
thorities to increase the rate on these
high valuations to the great detri-
ment of the people. The Smith one-
per cent law provides that the
"intent and purpose of this act being
to provide the total amount of taxes
which may be levied in the year 1911,
or in any year thereafter for all pur-
poses shall not exceed in the aggre-
gate the total amount of taxes levied
in the year 1910, plus six per
cent thereof for any year there-
after, or such less amount as may
be provided by the levy of the annual
rate of ten mills on each dollar of the
tax valuation of the taxable property
therein." Thus, it will be seen that
the taxpayers are protected against a
high rate as the aggregate sum that
can be collected in any one year is
limited by law. For this reason our
people are responding by the hundreds
and we have placed on the duplicate
several hundred thousand dollars that
was not listed with the assessors. Our
people last spring when the several
assessors called on them, did not
know what would be the outcome of
the Smith one-per cent bill, then
pending in the legislature, and many
of them doubtless thought that if they
listed their money, notes and other
taxable securities, they might be sub-
jected to last year's high rate of taxa-
tion, which would have amounted
practically to confiscation of property.
Now, since the law is an established
fact, and our people have read the
safeguards surrounding it to the end
that it will be impossible for the tax-
ing authorities to impose an exas-
perating rate on their property they are
calling at our office and voluntarily
giving in the amounts they failed to
list with the assessors. It is not
through fear of the penalty of a 50
per cent addition if the same were
detected by us next year or thereafter,
but a sincere desire to comply with
the law when fully understood. If
your returns are not correct, call on
us at our office in the basement of the
Court House (west entrance) and we
will cheerfully correct the same with-
out penalties being added.

Respectfully,
4d3t THE BOARD OF REVIEW.

ONE PER CENT TAX RATE CUTS GRAFT IN CINCINNATI

Columbus, O., Oct. 4.—Recent de-
velopments in Cincinnati indicate
that there was truth in the rumors of
last winter, to the effect that the
Cincinnati legislative delegation op-
posed the low tax rate bill, because
it would interfere with the operating
expenses of the Cox machine.

Recently the Hamilton county tax
commission budget, a body that
scales special levies to keep them
within the one per cent maximum
limit, reduced the mayor's salary
from \$10,000 a year to \$5,000. Pros-
ecuting Attorney Henry T. Hunt, a
Democrat, who is a candidate for
mayor, agreed that if he should be
elected, he would accept the \$5,000.

Mayor Schwab, a Republican, read-
ily accepted the reduction and by do-
ing so confessed that he had been
overpaid heretofore.

"That is always true when a polit-
ical boss of the Geo. B. Cox type do-
minates the politics of any governmen-
tal district. It is by giving something
for nothing that corrupt politicians
thrive.

The salary of the vice-mayor of
Cincinnati has been reduced from
\$6,000 to \$3,000 a year, and that of-
ficial has accepted the smaller com-
pensation.

The tax spenders in Cincinnati are
asserting that the one per cent tax
rate law will cripple the city. They
declare that under the measure with
its limitation as to expenditures of
money, sufficient funds cannot be ob-
tained to conduct the city's affairs.

If the exorbitant salaries hereto-
fore paid the Cincinnati mayor and
vice-mayor are samples of extrava-
gance that permeates all the Queen
City departments, then it is possible
there may not be sufficient money
under the Smith low tax rate law.
If there was no provision in the
budget for extravagant expenditures
there undoubtedly would be suffi-
cient revenue. Cleveland will have
sufficient funds. So will all other
cities, with the exception of the mu-
nicipality on the Ohio river.

Why is Cincinnati short?
No one has heard the Cincinnati
tax payers complain because their
officials are short of money.

Still, when Cincinnati officials be-
gin to economize, they will be sur-
prised at how much less they can op-
erate the city government.

A few months ago the Republican
press of the state was condemning
Democrats for enacting the low rate
law, now it is attempting to take
the credit for the passage of it. May-
be Cincinnati officials will follow suit
later, and when they see how success-
fully they can operate under it, will
praise the measure.

PATASKALA ST. MACADAMIZED

Thoroughfare Will be Opened for Traffic in Few Days—One of Best in the City.

The work of macadamizing Pataskala street has been finished under the supervision of the department of public service and the street will be open for traffic within a few days. The work will be given an opportunity to set before the barricades will be removed. It is regarded as one of the best pieces of unpaved street in the city.

REGISTRATION DAY TOMORROW.

TIGHT COVER TO MAN-HOLE WAS THE CAUSE

The street repair gang of the public service department has just finished repairing the damage done to the street paving in South Fourth street by the storm last week. After the damage was uncovered the workmen found that the cover of the man-hole fitted too tight and refused to give way when the water backed into the sewer. This caused the water to break through the masonry of the manhole and force its way under the pavement for a long distance. The street is now in good shape.

RODGERS SAYS JINX IS DEAD

Huntington, Ind., Oct. 4.—Aviator C. P. Rodgers today said that he believed the jinx which has been pursuing him in his attempted transcontinental airplane flight was dead and he hoped to have his wrecked sky-flier repaired and ready for flight Thursday. In order to kill the jinx, Rodgers had every member of his party change their hotel room after Monday's accident and the mascot kitten, Fitz, has lost its happy home.

Newport, R. I.: Mrs. Evelyn Adam Napoleon, daughter of the late policy king, Al. Adams, celebrated her divorce from Paul Napoleon of Paris with an elaborate dinner which many of the social attended.

PLAYGROUNDS FOR CHILDREN OF NEWARK

SCHOOL BOARD IS HEARTILY IN FAVOR OF PURCHASE OF GROUND.

But Thinks it Will Not Be Necessary to Issue Bonds—Interview With Mr. Kibler.

"While the Board of Education Tuesday night voted with practical unanimity," said President Edward Kibler of the Board of Education to an Advocate reporter "against the issuance of any bonds to purchase playgrounds for children, the Board is heartily in favor of the project of supplying the children of the city with playground facilities and proposes to go ahead with the work."

Mr. Kibler further stated that it was the belief of Clerk David M. Keller of the Board that suitable ground could be purchased from available funds on hand without the necessity of issuing any bonds or calling upon the people to vote upon the proposition to issue bonds. The president stated that the Board of Education would like bids or offers of four or five acres in the north, south, east and west ends of the city suitable for playground purposes and requests those knowing of such tracts for sale to call them to the attention of the clerk of the board or to any member of the Board of Education.

WILL MAKE BIG CUT TO GRADE RIDGE AVENUE

The public service department right now is facing the problem of the grading of Ridge avenue east of Oakwood. The street is in a bad condition and the topography of that section of the city will make it necessary to cut the street away at least five feet. A high bank rises on the north and an equally precipitous bank falls away on the south.

STOMACH SUFFERERS SQUANDER MILLIONS

In Search of Relief. The world is full of disordered stomachs and 90 per cent of the money spent upon physicians and drugs goes in an attempt to cure the stomach.

People are made to believe that in order to gain strength they must doctor their stomachs and use cathartics. So the doctor gets his fee for the stomach treatment and the druggist for the physic until the savings of a life time are exhausted and yet no cure.

Let's be reasonable. The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of foods. The mucous lining all the way down the food tract loses its sensitiveness and when food is forced down the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic.

There is one sure way and only one to bring positive relief. Put into that stomach of yours the very elements it lacks to get that food into liquid form. It takes pepsin, diastase, golden seal and other ferments to accomplish this. The healthy stomach contains these elements. The dyspeptic stomach lacks part or all of them. Stuart's Dyspepsia Tablet is made up of just what the dyspeptic stomach lacks — Nature's digestives.

Stuart's Dyspepsia Tablets are not a medicine, not a drug, not a cathartic. They do not cure anybody of anything but Dyspepsia and Indigestion, and such ailments as arise from poorly digested food.

While they digest the food the stomach recuperates. The mucous membrane is coming out of its stupor, the gastric juice is coming to the surface, the muscles are regaining their power. Every organ of the body takes on new life, the skin gains color, and the eyes are no longer tinged with yellow. You live.

Why doctor and why drug yourself? Stuart's Dyspepsia Tablets will take care of your food while Nature cures you.

Try a box at your druggist's, 50 cents. Or, if you prefer a free trial package before buying, send your name and address today. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

GOVERNMENT IS STILL OPEN FOR PROPOSALS

Parties Having Sites for Newark Postoffice Requested to Take Action at Once.

Washington, Oct. 4.—While sealed proposals for a postoffice site at Newark, O., were recently opened, four bids having been received, A. Platt Andrew, assistant Secretary of the Treasury, said today that proposals for the sale of land for the proposed federal building site at Newark will be received up to the time of final action. This announcement was made because word had come from Newark that other parties desire to submit offers of real estate. Mr. Andrew said that it will be well to have proposals forwarded at the earliest possible date and that all must be in strict accordance with the requirements set forth in the department's advertisement for proposals.

Daddy's Bedtime Story—

Who Got the Forgotten Bag Of Chestnuts?

"W"ERE going a chestnutting some day, daddy," said Jack. "The chestnuts look about ripe."

"Do they? Well, I hope you'll get a good store and not have quite the luck I did once when I was a boy."

"Didn't you always have good luck, daddy?" smiled Evelyn.

"Indeed, no, although perhaps in this case I shouldn't call it luck. I myself was to blame."

"It happened this way:

"We got a good many hickory nuts, but the chestnuts were scarce and, of course, were greatly prized. We gathered our chestnuts one fine Saturday when there was nothing else to do, taking our lunches with us into the woods."

"When we came home we were all tired, and I laid the bag down in the tool house."

"My sisters had come out to the woods to meet us and brought some chestnuts home in a little basket. These they put on the fire to boil. With others we were going to play a game which amused us much and which we called hippy-hop. We would name chestnuts after ourselves, and then the winner of the game was the one who would be the last to hop on the stove, as most chestnuts will when you beat them thus. We popped corn and roasted apples and had a jolly time."

"Monday we had to hustle off to school, and for several days we forgot about the chestnuts."

"Well on in the week I told my brother Will to take the bag to the attic. He told Brother Ned, who was still smaller, to attend to it."

"One day near Halloween I went to the attic to look over our store of nuts and missed the chestnuts. 'Funny,' I said. 'Then I went downstairs and asked Brother Will where he had put the bag. 'Ned put them away,' he said. But Ned didn't know anything about them. We almost got into a spat over the nuts. Then mother came in. 'You left them out in the tool house,' said she."

"We flew out, and there was the bag—empty."

"We found out where the nuts had gone when Ben, our hired man, came in. He had seen the squirrels, who lived in the trees about our house, dodge in and out of the tool house, the door of which was nearly always open in the daytime. Sometimes he would see them come out with a fat chestnut in their mouths. The squirrels were very tame, so he had thought nothing of it. Those squirrels taught us a lesson though. After that we were all of us for a long time very careful to put things away when we should."

GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age and nothing that can be said as to its beauty will affect the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy drenches the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients which makes a delightful dressing for the hair, and which not only removes every trace of dandruff, but promotes the growth of the hair. It also stops the hair from falling out and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist today, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

GRANVILLE WOULD ISSUE GAS BONDS

Resolution Adopted By Town Council to Submit Proposition to the Voters—Village News.

Granville, Oct. 4. — The regular meeting of the Town Council was held on Tuesday evening, and when Clerk Judson Evans called the roll at 7:30 o'clock, the following members were present: Messrs. Ferguson, Partidge, Perry, Rusler and Thomas, with Mayor Jones in the chair.

The minutes of the preceding meeting were read by the clerk and approved.

The report of the village treasurer, the clerk and the board of public affairs for the month of September were read and on motion were accepted and placed on file.

Mayor Jones reported that he had collected from licensees during the month of September the sum of \$13.75. The report was accepted and ordered placed on file.

The resignation of J. S. Graham as member of the board of public affairs was accepted. On motion Jenkin Jones was elected to fill the vacancy.

A resolution to submit to the people of Granville a proposition to issue bonds in the sum of \$15,000 for the purpose of constructing and erecting a natural gas plant to supply the corporation with gas, to be voted on at the general election to be held on November 7, 1911, was read and adopted.

The regular finance ordinance was read and on motion, was passed under a suspension of the rules.

The first Composer Recital of the fourth series will occur this evening, October 4, at 6:45 o'clock, when a splendid program will be carried out.

The second recital in this series will be given on Wednesday evening, Oct. 18, presenting a program of the works of the precursors of Bach and Handel. The Conservatory has the honor to present the eminent cornet pianist, Theodore Bohman, on Wednesday, October 25.

Born, October 2, to Mr. and Mrs. Edmund Rees, a son.

Mr. and Mrs. H. D. Wellington of Richmond, Ind., arrived here Tuesday to make a short visit with old friends, and also to attend the Licking County Fair.

Members of Alpha Nu Sigma, a new local fraternity at Denison, put on colors Monday. The dwelling formerly occupied by Dr. A. S. Carman on Burg street will be the home of the fraternity. The boys expect to be located in their new home in a few days.

Mr. Rodney McCollum of Columbus spent a short time here with his parents, Mr. and Mrs. E. R. McCollum.

Miss Carrie Smith, a charming and accomplished young woman of Duluth, Minn., who has been visiting relatives in and about Granville for the past month, left for her home Wednesday morning.

Quite a number of Granville people came down to the city Wednesday morning to attend the Licking county fair. There are a number of Granville persons who have been in charge of certain departments at this fair for nearly a quarter of a century.

The leaves are beginning to have a dry rustle, as the breezes blow, which sounds like Thanksgiving and confabulations about the price of turkeys. However, turkeys are going to be cheaper this year. Nearly every farmer has a flock of birds.

Miss Allene Callahan, who has been quite sick, is able to resume her duties as teacher of the Third and Fourth grade of the public schools.

Mr. and Mrs. Charles D. Clark of near Mt. Gilead came down to the village Tuesday night to make a short visit with friends and attend the fair.

While driving to Newark Tuesday night with a two horse team, the horses frightened and started to run away. James Morton, a young man, who was driving them, was thrown from the wagon, but quickly regained control of the horses and stopped them before any damage was done.

Mrs. Minnie Norris Davidson, who has been visiting her parents here for some time, has returned to her home in Vincennes, Ind.

At the last meeting of the Irving Literary society, there was a splendid attendance of the members with a number of friends, and the following

Millard L. Lowery, Denison '08, left Granville Tuesday morning for Chicago to enter the university there. He intends taking up work there for doctor's degree. He will also take work in the Divinity school.

Mrs. Ernest Shephardson of Columbus, made a short visit here with her parents, Mr. and Mrs. Norris.

Mrs. Emily Hampshire of Newark, has returned home having spent a week visiting her daughter, Mrs. Patterson.

Mr. and Mrs. Ira Mardis of Cleveland have been here for some days visiting Mr. and Mrs. E. R. McCollum.

Mrs. Cora Crooks Fluhart of Newark visited her mother, Mrs. John Crooks, this week.

Miss Edith Williams of Columbus spent Sunday with her mother, Mrs. E. W. Williams, at her home on Granger street.

DENISON VS. WOOSTER AT GRANVILLE

Wooster and Denison play at Granville, Saturday, this being the first real game the Baptists have played this season. The eleven, under the tutelage of Coach Walter J. Livingston has been hard at work this week getting ready for the game and the bunch expects to make Wooster realize that Granville possesses a football team.

RESOLUTIONS

On Death of Wayne Brown, Adopted by the Junior Class of the Newark High School.

The following resolutions were adopted by the Junior class of the Newark High School on the death of Wayne Brown, a fellow classmate who died last week of typhoid fever:

Whereas, God has infinite wisdom has seen fit to remove from our midst our fellow student and well beloved friend Wayne Brown.

Be it resolved, That the Junior Class of Newark High School express to those bereft our sincere sympathy in their sad affliction, and proclaim our great loss in his death; and that we express our true and deep regret that the Junior Class of Newark High School is deprived of one of its most loyal members, and as his classmates tender the sorrowing family our most heartfelt sympathy and assurance that their sorrow is our sorrow.

Be it further resolved that a copy of these resolutions be sent to the family of which he was a member and spread upon the minutes of our class meeting and printed in our High School paper.

By order of committee.

ENJOYABLE INITIATION LAST EVENING

Antlered Brothers Served an Excellent Mexican Dish at Social Session of Elks.

Councilman Elmer Orr and Harry Mackenzie were initiated into the mysteries of Elksdom Tuesday evening and today are wearing the antlers as baby members of Newark lodge, No. 391. The services were very impressive, being conducted by the officials in full evening dress. The beautiful ritualistic ceremonies were exemplified in an excellent manner and the officers were the recipients of many compliments.

The initiation was followed by a social session the banquet being served under the superintendency of Caterer Joseph Kuster, Jr., the chief dish de resistance being L'leh sa toh, a Mexican delicacy first concocted by the chef of the late president of the republic, Porfirio Diaz, and taught to Dode Kuster by the worthy chef who stopped for several days at the hotel which Mr. Kuster was managing at Phoenix, Ariz. The dish is highly seasoned, of a hot peppery flavor and far surpasses and outclasses all other Mexican viands.

The banquet was served in the main club room off the reception hall over one hundred being seated at a long table. During the table service music was furnished by the Elk orchestra and a number of the latest selections were rendered. The affair throughout was very enjoyable and all present united in praising those who had the banquet in charge.

FINDLAY ELK IS HONORED BY HEAD OF ORDER

Findlay, Oct. 4.—Attorney John F. Burket, of this city, has been apprised by Grand Exalted Ruler Sullivan, of the Elks, that he has been appointed on the judiciary committee of the national organization. Mr. Burket is the only Ohio member to get an appointment on the national organization.

STOCK IN BUILDING ASSOCIATIONS TAXABLE

The Board of Review will be in session a short time yet in order to secure a fair and equitable return of personal property. Its efforts will largely be directed to the listing of money and credits. Immense amounts of these kinds of personal property have been listed for taxation and yet large amounts are still not listed. If you are the owner of either of these kinds of personal property and recognize your responsibility to bear your share of the taxes levied for state, county, municipal, school or other purposes, you will list such property for taxation.

The tax rate for this year will be so low you can afford to do this. Under a rate of \$6.00 you had some excuse for not doing so, but with a tax rate of one-third of the former levies, you will hardly be doing your share, unless you list whatever property of this character you had last April. You are not expected to list more than you have but you cannot afford to take the risk of not returning the amount you had on April 9, 1911. We will be in session awhile longer for the purpose of giving you a chance to correct your returns without penalty. We do not wish to resort to any radical methods in determining who had money in these institutions; and will not so long as the people continue to correct their returns.

THE BOARD OF REVIEW.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."

Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Another Operation Avoided.

New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."

Mrs. LILY FERROUX, 1111 Kerlerec St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for the distressing feminine ills from which so many women suffer.

Whatever Your Prejudice Give Children Clean Milk

Dear Madam:

Perhaps you are still using raw, germ-laden milk, bought from the milkman daily. There are millions of others like you. It is hard to change customs a thousand years old.

But you know that danger always lurks in raw milk. There are millions of germs in each spoonful. You know there are many tubercular cows. And you know, or should know, that most infant mortality is caused by the germs in milk.

You know that pure milk is our greatest food problem. That millions are coming to pasteurized milk. Within a few years, beyond any question, raw milk will be as rare a food as raw meat is today. And for the same reason—the danger of germ infection.

In the meantime we urge—and physicians urge—that you give children a germless milk.

Done Simply by Heat

This is how milk is made utterly sterile at all the Van Camp dairies.

In the first place the dairies are sanitary. The cows are inspected. Cleanliness is carried to extremes.

The milk is all tested. Then, while fresh from the cows, it is put in a copper vacuum. There, without scalding the milk, we evaporate two-thirds of the water.

Then the milk is sealed up in cans. Then each can is pasteurized by heat. The milk then is utterly sterile—absolutely free from germs.

Van Camp Packing Co.
Indianapolis, Ind.

Nothing whatever is added—no sugar, no preservative. Nothing but water is taken out. When you replace the water, the milk is the same as it came from the cows, save for the sterilization.

America's Finest Milk

We have dairies in seven states, each in the heart of a great dairying section. They are supplied with high-bred Holstein cows.

To bring this milk to you in perfect condition we employ famous Dutch and Swiss experts. We have spent \$100,000 in the past seven years to perfect our dairy processes.

The result is the finest milk produced in America—equal to the milks of Switzerland. Please note that. Whatever your prejudice against "canned milk," you will never in the world taste better milk than Van Camp's.

Like Using Cream

The milk comes to you as thick as thick cream. For coffee and cereals most people dilute it. It is 28 per cent solids, 8 per cent butter fat.

In coffee it tastes like the richest cream. On cereals it tastes like sterilized cream. In cooking it gives you a richness and flavor never obtained from raw milk.

Not because of anything added. This is simply the whole rich milk. That flavor is only the natural taste of whole milk.

Milkman's milk separates, so you rarely get the whole milk. Butter fat rises and solids fall. When that milk gets to the cooking it is rarely

more than a half-milk. That's all the difference. But just note from one milk dish what a difference that makes.

A Cow in the Pantry

You can buy, if you wish, a month's supply at a time. Have rich milk and cream always on hand—all that you want with none ever left over. For the opened can keeps until you use it up.

Imagine what it means to have milk and cream for a month, all stored on the pantry shelf. Think what you are losing in convenience alone by buying from hand to mouth.

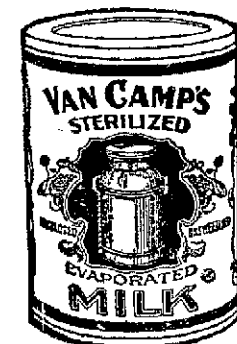

Saves About Half

Now comes the strangest fact. This ideal milk, whole, rich and sterile, costs less than milk-wagon milk. This Holstein milk, from model dairies, less than milk from mongrel cows.

We save you the cost of the milkman's daily delivery. That costs more than the milk. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

We are milking 30,000 cows per day to supply the demand for this milk. Won't you learn why so many use it?

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it from our nearest dairy.

Van Camp's Milk Evaporated—Sterilized—Unsweetened

NATURAL BEAUTY OF THE ISLE OF PINES

A leading citizen of Columbus recently said of the Isle of Pines: "Years ago, when I was in the United States navy, I sailed past this little country and remember it as the most beautiful spot I ever looked at, from aboard ship."

No one who has ever seen the country will think this an exaggerated statement concerning its attractions. With its beautifully wooded hills, its broad and fertile valleys, its streams of clearest and purest water, its wealth of tropical foliage, flowering shrubs and plants, it impresses one as a great natural park.

With its "all the year round" perfect climate, it is surely an ideal playground. There is wealth in these attractions. A tide of travel is turning in this direction which will flood the island with health and pleasure seekers, who will contribute much to its prosperity.

The average person, of moderate means, likes to combine health seeking and pleasure with a business proposition, and those who have carefully studied conditions in the Isle of Pines find there unequalled opportunities for this combination.

To escape our dreary, northern winters, and while enjoying a perfect climate to harvest the best crops in the world, appeals to the common sense and commercial instincts of business men.

Fruit growing and garden farming are becoming great and profitable industries in the Isle of Pines, because all the natural conditions are right, the best markets of the United States are nearby and steamships will afford the cheapest and best transportation facilities.

Out up as it is into small farms, which will yield large returns when brought under cultivation, the country will soon be densely populated, and the inevitable result will be high priced lands. Although still cheap, these lands are already advancing rapidly in value. In the "Ohio Colony," founded a little more than two years ago by Hammond, Hammond & Baker of Columbus, values have increased 25 per cent within the past year. These Ohio people will extend a hearty welcome to northern visitors this winter. They want their friends to see this country, because, they say, "seeing is believing."

IN THE OCTOBER CENTURY.

A feature of the October Century to interest all art lovers is an account of "The Roman Art Exposition of 1911," by Harrison S. Morris, commissioner general of the United States to the Roman Art exposition of 1911. Hardly ever, in the history of the fine arts, says Mr. Morris, has a more general pilgrimage of the nations been made to any Mecca of art. The article will be generously illustrated with some of the exposition's masterpieces.

CAPT. WARDEN BUYS A HOTEL IN BLOOMINGTON

"Bowles" Now One of a Chain of Six Hotels, Including Warden of Newark.

The Hotel Bowles at Bloomington, Ind., has just been purchased by Capt. Frank G. Warden of this city and Mr. C. C. Horton of Chicago, the furnishings and equipment having been bought from Robert Jones and the building leased from the Bowles estate for ten years. The Bowles is now one of a chain of six hotels, including the Hotel Warden of this city.

The interior is at once to be refurnished and redecorated, individual telephones placed in the rooms, marble steps will take the place of wood and additional bath rooms added. The rate is to be \$2.50 per day and up the same as now. The new proprietors are now in possession and W. E. Ross is manager in charge. He is from a leading Wisconsin hotel, a man of experience, a congenial gentleman and thoroughly understands the business.

Mr. Horton and Mr. Warden own the Metropole Hotel of Chicago. Mr. Horton owns and is president of the Ellis hotel at Waterloo, Iowa, and Mr. Warden is interested in a chain of hotels that includes the Alabama of Anniston, Ala.; the Arcade at Springfield, O.; the Lima at Lima, O.; and the Warden at Newark. Mr. Warden was in Bloomington last week and the deal was made after his careful consideration. Capt. Warden thoroughly understands the hotel business and his many Newark friends are glad to know that he is making a success of his chain of hotels.

PLAYGROUNDS FOR NEWARK BOYS AND GIRLS ALSO

"I do not know anything which will contribute more to the strength and morality of that generation of boys and girls compelled to remain part of urban populations in this country than the institution in their cities of playgrounds where their hours of leisure can be occupied by rational and healthful exercise." — Wm. H. Tart.

"Play is at present almost the only method of physical development for city children, and we must provide facilities for it if we would have the children strong and law-abiding.... I congratulate the Playground Association of America on its progress during the past year. I hope it will extend its influence until there shall be no child in America without the opportunity for wholesome and happy play." — Theodore Roosevelt.

The men of Newark are to have an opportunity to vote on Nov. 7 on the question of issuing \$15,000 in bonds to establish children's playgrounds in Newark. The project has been endorsed by the Newark Board of Education and by the Newark Board of Trade.

Make Mitchell & Miracle your headquarters for clothing and furnishings, and you will be well dressed and have some money in your pocket.

AN OLD REMEDY FOR BLOOD POISON

For more than forty years S. S. S. has been curing Contagious Blood Poison in all its forms and stages, and is today, as it has always been, the safest as well as most reliable remedy for this disease. One reason why S. S. S. is so successful in curing Blood Poison is that it strengthens and builds up the stomach and digestive members while eradicating the poison from the blood. The greatest of all reasons however is because this medicine possesses just the proper ingredients, blended and compounded in such scientific proportion, as to make it the most perfect blood purifier ever placed upon the market. S. S. S. is made entirely of roots, herbs and barks, and in addition to its value as a remedy, is the one blood medicine which may be used without any bad effect, no matter how delicate the system. Not a particle of strong mineral or other harmful drug enters into its composition, and you can take it assured that it will cure you and at the same time build up your system. S. S. S. cures permanently and perfectly, removing every symptom of the trouble by nature's true way—removing the inward cause. Get S. S. S. at your drug store and then write for our Home Treatment book which is free and of great assistance to every sufferer of this disease.

SCHOOL BOARD MEETING HELD LAST EVENING

Considerable Business Transacted and Several Recommendations Made—The Playground Matter.

The Board of Education met in regular session on Tuesday evening and all members responded to roll call with the exception of Mr. Broome. The business before the board opened with the allowing of several small bills and Mr. Jud Reese appeared before the board on behalf of insuring the school boilers by the Fidelity Insurance company. It was referred to the committee on insurance.

Hetuck Chapter, Daughters of the American Revolution presented a communication through the clerk, Mr. David Keller, petitioning for the use of the High School Auditorium on a certain day to be named. They also announced their intention of awarding prizes for the five best essays to be written by seventh and eighth grade pupils on the two subjects: "Our Pioneers," and "Historic Spots of Licking County." Their wish for the Auditorium is to award these prizes with suitable exercises.

The matter of broken chair backs, which has caused a discussion between the firm of Randles of Chicago and the board was referred to the building committee. The contract for repairs upon school clocks was awarded to Haynes Bros. at 75c per clock with a guarantee for a year. The contract to put gate valves in the steam pipes in the Woodside building was awarded to Charles Foster at an entire estimated cost of \$32.50.

On recommendation of Superintendent Hawkins the board decided to purchase Gruber's English history to be used as a supplementary reader instead of the real text books. Announcement was made by the superintendent that he had secured Mr. R. P. Claxton, United States commissioner of education, to deliver two lectures on Nov. 23 at the High school to teachers and citizens of Newark. He is said to be a brilliant speaker and thinker.

The board then authorized the clerk to purchase a gas stove and a desk for Miss McMahon's room in the Fifth street building. The matter of the purchase of pencil sharpeners for the rooms was referred to the supply committee.

The superintendent reported to the board the advisability of purchasing pedagogical books and accumulating a library of this type for the teachers. He thought \$200 would form a nice nucleus. The board authorized the purchase of books not to exceed \$200 and they are to be placed in the public library and to be known as the "public school section."

The trustee officer reported 10 truants and 50 absentees.

The matter of playgrounds was taken up and the clerk reported a resolution in due form for the issuing of \$1500 in bonds, the matter to be put to a vote of the electors of the school districts at the November election. However, the board reversed its former action on the matter and voted it down, giving as the reason that the present installation of a new tax system made the matter of issuing bonds too uncertain.

Judge Tells Why Men Go Bankrupt

"After all, it is not strange," says a judge who presides in many bankruptcy cases, "that the ordinary type of bankrupt exhibits in his face and general condition a woeful lack of strength and mental concentration. I believe the cause of their failure is lack of that vitality and combative nerve-strength so absolutely necessary to keep a man up and doing. Nerves are all that make you, whether you are a man, woman or child. The most powerful nerve vitalizer and blood purifier is without doubt Make-Man Tablets. They are wonder-workers and absolutely safe for thin-bodied and nerve-wrecked men, women and children. Trial treatment sent free on request by Make-Man Tablet Co., Dept. 12, Chicago.

If you feel "all in" are despondent, nervous, can't sleep, get kidney or liver trouble, or Rheumatism, it's Make-Man Tablets you need. Sold at 50c. and recommended by Evans Drug Store, Warden Hotel Block.

76th REGIMENT

(Continued from Page 1.) years Col. Kibler has been the president of the association he has done much to keep it intact and add to the success of its annual reunions.

The G. A. R. Hall Wednesday afternoon was filled to overflowing by the comrades and their friends who had assembled to enjoy the afternoon with this band of silver haired veterans.

The program of the afternoon was especially interesting that the greater part of the time was taken up in reminiscences. Short addresses were made by a number of the comrades present, and all were full of feeling and touched upon many pathetic instances in the lives of these old time honored veterans. Following is the program that was carried out during the afternoon session:

Invocation.

Singing of "America," by audience.

Welcome by Hon. John M. Ankele, Mayor of Newark and response.

Remarks by the president of the society.

Song by Mrs. J. C. Bonshire.

Address by Hon. W. A. Ashbrook.

Song by Mrs. W. V. Gaird.

Address by Rev. J. L. Wyly.

Song by Mr. Cliff Rosebrough.

Short addresses by members of the regiment.

Song by Mr. Charles W. Hull.

Benediction.

At the conclusion of the exercises in the hall at four o'clock the old veterans formed in line and marched around the public square, headed by the old guard drum corps and the Old Guard, with dress parade, all under the general direction of Captain M. Dausch of the Old Guard.

History of the Regiment.

The Seventy-sixth O. V. I. was familiarly known as the "Licking County Regiment." In the field it was poetically termed the "Licking Volunteers," earning its title from the fact

that it never turned its back to the foe, and all through its long and eventful service fortunately shared with the winning side many of the grandest victories of the war.

The Seventy-sixth regiment of Ohio volunteer infantry was organized for three years' service, in obedience to the call of the President of the United States of July, 1861, for five hundred thousand men, and under the provisions of the following order:

Headquarters Ohio Militia, Adjutant General's Office, Columbus, O., Oct. 7, 1861.

Special Order No. 882.

Col. Charles R. Woods is authorized to organize a regiment of infantry. The regiment shall be No. Seventy-six, and shall have its rendezvous at Camp Sherman, near Newark, O. The regimental officers will be appointed and mustered as required by general orders of the war department. Should the regiment not be filled by the end of thirty days from this date, the companies may be assigned to other regiments at the discretion of the governor.

By order, R. A. MASON, Asst. Adj. General of Ohio.

During the organization of the regiment the men were daily drilled in squad, company and battalion drill, and in the duties of the sentinel and soldier. Through the military knowledge and experience of Colonel Woods, both officers and men made rapid advancement. The men were first armed with the French musket, which was afterward exchanged for the Springfield musket.

The regiment left Newark for the field on the ninth of February, 1862, and within six days was in line of battle, at Ft. Donelson. Here it did effective service. At a critical moment when the enemy attempted to break the lines of the old Seventy-sixth, the officers and men behaved gallantly under the first fire. On the sixth of April the regiment made a forced march from Adamsville—where it occupied a position on the right of General Grant's army, in Wallace's division—to the battle field of Shiloh.

On the seventh it participated in that sanguinary engagement from early morn until the enemy was in full retreat at night. During the siege at Corinth the regiment occupied a position in the grand reserve and performed good service. On one occasion it made a gallant charge and drove a rebel outpost from its position.

The Seventy-sixth marched with Sherman to the sea. When Savannah was taken it performed duty in the city until the 9th of January, 1865, when it started on the march through the Carolinas. It participated in the last battle of the war at Bentonville. After Johnson's surrender it marched through Richmond to Washington, and took part in the grand review, then moved to Louisville for muster out.

The men were discharged at Columbus on the 24th of July, 433 in number.

The Seventy-sixth participated in 44 battles, moved 9,625 miles on foot, by rail and water, and passed through 11 rebellious states. Two hundred and forty-one men were wounded in battle, 351 died on the field and in hospitals, and hundreds carried scars to their death, as evidence of the struggle with the enemy. It is a sad but noble record, and the survivors may well be proud of the record that they have taken in establishing the greatness and permanence of the Union. Of the eight companies of the Seventy-sixth regiment that were organized in Licking county, the following is a list of the officers, together with their rank and other interesting data.

Col. Charles R. Woods was born in Newark, and graduated at the West Point Academy in July, 1852. He was a captain in the Ninth Infantry when sought by the Governor of Ohio to raise an Ohio regiment. He was commissioned colonel of the Seventy-sixth regiment October 12, 1861, and was promoted to brigadier general August 22, 1863. Brave, careful, and sagacious, he was, as General Sherman once described him, a "magnificent officer." He had the confidence and esteem of his men, none of whom failed to recognize the soldierly qualities of which he possessed.

Lieut. Col. Wm. B. Woods was commissioned lieutenant colonel November 4, 1861. He was born in Newark. A lawyer by profession, he rose to distinction at the bar and in political circles. He had command of the Seventy-sixth regiment during most of its career (Col. Charles R. Woods having a brigade); and to his faithful work in drill and discipline the regiment owed its efficiency. He was a brave officer, daring and intrepid to

the extreme in battle. Promoted to colonel August 22, 1863, and afterwards brigadier general. After the war he was appointed United States district judge, for which, by reason of his high legal attainments, he was well qualified.

Major Willard Warner was born in Granville, appointed major December 28, 1861, promoted to lieutenant colonel September 10, 1863, and afterwards to brigadier general. Major Warner was a man possessed of a finely cultivated mind, chivalrous and brave in battle. He served with credit on General Sherman's staff during the Atlanta campaign.

Assistant Surgeon Thomas B. Hood was commissioned assistant surgeon November 6, 1861, and served with the regiment until after the battle of Shiloh, when he became detached, and resigned January 26, 1863.

Chaplain John W. McCarthy was commissioned December 17, 1861, and served until he resigned, October 3, 1862. He performed efficient staff duty with General Woods, on several occasions. He was a man of high scholarly attainments and would have made a high mark in the military branch of the service.

Capt. Thaddeus Lemert of Co. A, was commissioned captain November 1, 1861, from Elizabethtown. He was a magnificent officer, a fine drill officer and disciplinarian, and beloved by his men. He was killed at the head of his company in the battle of Arkansas Post, January 11, 1863.

Capt. James M. Scott of Alexandria, was commissioned captain of Co. B, Nov. 12, 1861. He was a fine drill officer, and a man of exemplary character. He resigned September 30, 1862.

Captain Levi Coleman of Newark was commissioned captain of Co. C, December 4, 1861. A lawyer by profession, and of delicate health, he entered the service with spirit, but resigned January 21, 1863 on account of poor health.

Captain Charles H. Kibler of Newark, was commissioned captain of Co. D, December 16, 1861. He was also a lawyer by profession and of delicate frame. He had an indomitable will, which carried him through a war with great credit. He made a valuable staff officer, and enforced efficient service in that capacity with General Woods as assistant adjutant general. He was brevetted lieutenant colonel by the president at the close of the war for gallant and meritorious service.

Captain Joseph C. Wehrle of Newark, a German by birth, was commissioned captain of Co. E December 16, 1861. He was one of the best officers in the regiment. At Ringgold he stood the brunt of that disastrous conflict and lost nearly all his men. He was brevetted lieutenant colonel at the close of the war for gallant and meritorious service. He was mustered out at the expiration of his term of office.

Capt. James Stewart of Jackson-town was commissioned captain of Co. G, January 7, 1862. He was one of the most reliable officers in the army. Kind to his men, he ever provided for their wants. He was mustered out at the expiration of his term of service, December 23, 1864, and brevetted lieutenant colonel by the president for gallant and meritorious service.

Captain Charles D. Miller of Newark was born in Mt. Vernon; enlisted as a private in Company C October 18, 1861; was promoted to first sergeant and sergeant major and when he was discharged was brevetted a major by the president for gallant and meritorious service.

Other officers who won records in the service were Capt. Beverly W. Lemert of Elizabethtown; Capt. Ira B. French of Alexandria; Lieut. John S. Anderson of Fredonia; Lieut. I. Newton Hempstead of Newark; Lieut. Jehile T. Winthrope of Hebron; Lieut. John A. Dill of Homer; Lieut. Henry D. Wright of Granville; Lieut. S. S. Wells of Newark; Lieut. John R. Miller of Hartford; Lieut. Simeon B. Wall of Elizabethtown; Lieut. John W. Gray of Newark; Major. Renson C. Strong of Newark; Lieut. Charles Luther of Newark; Capt. Richard W. Burt, Newark; Lieut. Lucien H. Wright, Homer; Lieut. Calvin C. Wells, Lieut. Mark Sperry, Lieut. Milton S. Moore, Capt. Frederick H. Wilson, Newark; Lieut. John A. Lemert, Elizabethtown; Lieut. Wm. H. Darlington, Newark; Capt. John J. Metzgar, Granville; Lieut. A. A. Battee, Capt. George W. Jermy, Capt. Cary M. Marriot, Capt. Frank J. Brackett of Fredonia; Lieut. Miles Arnold, Fredonia; Capt. Zebulon P. Evans, Elizabethtown; Lieut. Edward Freeman, Homer; Lieut. L. Follett, Lieut. Wm. B. Gale, Lieut. Samuel Hupp, Lieut. Virgil W. Graves, Lieut. Jabez L. Rhodaback, Sergt. William Montgomery.

The greatest heroes of this war were the patient, nameless men of the ranks. Every American veteran volunteer was a general, in experience, if not in name, and, without leaders, their intelligence and bravery sustained them through the most trying ordeals.

With the limits of this article it is impossible to mention the many brave deeds of the men in the ranks. An impartial history of this regiment would make volumes. The greatest heroes of this war were the patient, nameless men of the ranks. Every American veteran volunteer was a general, in experience, if not in name, and, without leaders, their intelligence and bravery sustained them through the most trying ordeals.

Ashtabula—Walking in the police station here Peter Pettio, 24, announced that he had just killed his wife because of her alleged unfaithfulness and wished to be arrested. Police hurried to his home and found the body of Mrs. Pettio, 23, in a pool of blood.

Bellefontaine—Replying to a protest wired him by the Logan County Ministerial Association for consenting to serve as honorary president at the coming brewers' congress at Chicago, Secretary Wilson wired back that the production of hops and barley is so large an industry that he considers it entirely fitting and proper that he should be identified with the proposed meeting.

Upper Sandusky—The city council has taken steps to preserve a historic spot that for over 50 years has been totally neglected although but two blocks from the court house. It is on a bluff of the Sandusky Valley and the ground will be converted into a public park.

Upper Sandusky—For over 10 years this city has been without a depot building at the Pennsylvania station and council has decided to take the matter up with the state railway commission and passed a resolution to that effect.

Coshocton—James Moore, aged 29, a miner was found unconscious by the Wheeling railroad tracks today where he had been thrown when struck by a freight train. He will recover.

Canal Dover—While crossing a street Chief of Police Jacob Maurer was struck by a fire team and badly trampled. The horses and hook and ladder truck passed over his body. He was picked up unconscious and has internal injuries, but physicians say he may live.

Portsmouth—James McGaw, one of the wealthiest farmers in Pike county committed suicide by placing the muzzle of a shot gun against his temple the butt against the foot of his bed and pulling the trigger with his toe. McGaw was the owner of more than 1000 acres of land in Pike county alone.

Ashtabula—Reuben Klemola, aged 4, is dead from burns caused by his tipping over a kettle of boiling soup and falling into it.

Toledo—Acting under orders of his physicians, Mayor Brand Whitlock has gone to Mt. Clemens, Mich., to recuperate. The mayor has been in poor health ever since his operation for appendicitis several weeks ago.

Only Sober Men Wanted.

Every line of business is closing its doors to "drinking" men. If you are a drinking man, it may be your time next. Better stop drinking at once. Orine, the standard remedy for the liquor habit, will help you. By the aid of Orine thousands of men have been restored to lives of sobriety and industry. We are so sure that Orine will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

ORINE is prepared in two forms: No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink; ORINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORINE costs only \$1 a box. If you are interested in some one who drinks you owe it to yourself to come to our store and get free booklet and information.

THE "ODES OF SOLOMON."

How the lost "Odes of Solomon"—which were not written by Solomon but by some one of the earliest Christians—were found by Dr. Rendel Harris in the form of Syriac manuscript, after having been lost for fifteen centuries, is told by their discoverer in the current issue of Harper's Weekly. Who was their author. That he was a member of one of the first bodies of Christians seems evident, for "most of the creed seems to be involved, but with extraordinary reticence; the name of Jesus is not mentioned, nor is the church; there are no gospel quotations that can be definitely recognized, unless it should be the highly probable case of a reference to an apocryphal gospel. . . . It will easily be seen what a disturbing and difficult factor has been introduced into the region of Biblical and historical criticism."

A BAD STOMACH NOT NECESSARY

ENGLISH MARIHUE cures indigestion in a few days. Gives instant relief.

Don't suffer from sour stomach, belching gas and other stomach misery.

It's rather a foolish proceeding when Evans' drug store is selling a remedy called "ENGLISH MARIHUE" for only 25 cents that will put any upset stomach in splendid condition in the shortest possible time.

ENGLISH MARIHUE is the prescription of a famous British Surgeon, and it certainly does banish indigestion and make the stomach strong and healthy. All sufferers should try it. Mail orders filled, charges prepaid, by Rheuma Co., Buffalo, N. Y.

Rheumatism is quickly cured with **RHEUMA**, or money back. 50 cents at Evans' Drug Store. Mailed by Rheuma Co., Buffalo, N. Y.

New York: Jan Kubelik, the Hungarian violinist, who has come here for ten concerts, for which he is to receive \$100,000, had the insurance on his fingers increased to \$235,000.

BIG FAIR NOW ON IN FULL BLAST

All Departments Filled and Halls Are Crowded With Excellent Exhibits.

Licking county's annual fair opened Tuesday with prospects of being the most successful in its history, providing the weather man remains kind to the officials and sends fair weather.

Never before have the exhibits excelled those of this year. The largest display of live stock ever seen on the grounds was in place Tuesday evening and the excellent success of the farmers with their crops has brought out an unusually good display of fruits, vegetables, grain, etc.

In Floral Hall excellent exhibits of Newark merchants have been placed in position and a fine display of art work and fancy needle work will attract the ladies.

One of the interesting features of this building is the exhibit of the Newark Telephone Company. A complete automatic switchboard with a dozen instruments in various parts of the ground, is attracting much attention and wonderment to those who have not had the opportunity to visit the local plant.

For the first time in the history of the fair, the starter in the judge's stand will call the horses for the various race heats by automatic phone, using an instrument in the judge's stand to call the stables and notify the horsemen of the time for each heat.

An Advocate man visited the fair Tuesday afternoon and made the rounds of the various exhibits. The live stock exhibit is so large that it has exceeded the accommodations provided for the various kinds of stock.

So many exhibits of hogs arrived on the grounds that it was necessary to use a part of the sheep barns to accommodate the bloated swine. There are hogs on exhibition that have taken blue ribbons at various state fairs, as well as numerous county fairs in Ohio, West Virginia and Pennsylvania.

Cattle exhibited at the Rochester state fair and the Michigan state fair have been entered and are on exhibition here. Tuesday afternoon Secretary Farmer received a telegram from a big breeder at Burgestown, Md., asking permission to enter a carload of live stock from that place, but the offer was turned down owing to the lack of space necessary to accommodate an exhibit of this size.

Carpenters were rushing work on additional sheep barns Tuesday evening to accommodate exhibits which are coming in.

The poultry exhibit this year is another interesting feature. Breeders of fancy poultry have entered birds in large numbers and the space inside the circular mound to the left of the driveway is well filled with poultry exhibits. Many local breeders took advantage of the opportunity to place their stock before the public.

Opposite the poultry exhibit two of the largest steers in the country are on exhibition. These two huge animals have been exhibited all over the country and are the wonder of every agricultural exhibition.

The sheep department is also well filled. Fine sheep of every breed are on display and the owners were busy Tuesday evening grooming the animals for the real opening today.

Fine dairy cattle fill the shed devoted to this department, and some beauties, carefully groomed, attract the attention of the farmers who make a specialty of this sort of live stock.

The horse stables, wherein are housed the speeders, were the scene of much activity. The drivers and attendants were busy getting their favorites in shape for the final test on the half mile track the remaining days of the week.

The exhibit of agricultural products, vegetables, fruits and grains, is large and interesting. The vegetables fill one entire building, and it was necessary to devote a portion of Floral Hall to the display of apples, which is unusually large and of fine quality.

Newark merchants have arranged beautiful booths to exhibit the goods of their stock for the benefit of the fair sex who will take in the fair. Dry goods, shoes, clothing, furniture and sewing machines are featured in the display.

Fancy hand-painted china, water colors and oil paintings in vast quantities are displayed in the art department and the display of needlework is elaborate and beautiful. The display of agricultural implements, hardware, concrete work for the farm, buggies, harness, wagons and other articles of interest to the men folks on the farm have not been neglected.

The amusement of the fair visitors has not been overlooked. The concession men have descended on the Old Fort in a body and refreshment stands have been erected in every available space. There will be no need of the visitors going hungry or thirsty.

By Wednesday morning everything was in ship-shape for the big crowds that will surely attend if the weather permits.

The race course is in good shape and the speed program is the best that has been offered for a county fair in years. The entries are numerous and of high quality and the lovers of harness races will see some splendid contests the rest of the week.

The races at the county fair this afternoon proved to be close and

exciting, indicating that the program of contests for the week give promise of some good entertainment out of the speeders. The program for tomorrow is as follows:

INSTITUTES AT FOUR POINTS IN LICKING COUNTY

The State Board of Agriculture received nearly 600 applications for farmer institutes this year. This is the greatest number ever to apply. Interest is growing in these practical educational meetings. Attendance last year, by actual count, showed ten per cent increase over attendance any previous year. This year many new places will be given state aid, so that the benefits may be distributed to every part of the county. Where good institutes have been held for several years, public sentiment will be strong enough to support independent meetings. All tax payers contribute to the support of institutes, and it is only fair that they should be held in different parts of the county.

New features will be introduced. The instruction work will be made practical and applicable to the needs of the farm. Speakers of good personal appearance, with ability to use the English language decently, will be selected by the state. The state lecturers will be men of experience and on good terms with both soil and toil.

The following places in Licking county have been granted an institute, provided certain conditions of the state board are complied with: Brownsville—A. W. Caldwell, Glenford, R. D. 4; Orla Rankin, Brownsville, 9.

Jersey—Alfred Condit, Pataskala, R. D.; Thos. W. Moore, Pataskala, R. D.

Alexandria and Vanatta—The dates and speakers will be announced later.

INSTALLATION OF REV. JOS. SCHREMBBS AS BISHOP OF TOLEDO

Toledo, Oct. 4.—With all the solemn pomp of the most exalted ceremonies of the Roman Catholic church, the installation of the Rt. Rev. Joseph Schrembs as bishop of the Toledo diocese took place last night. St. John's College represented the city's gates. Bishop Schrembs was met there by Rev. Dr. J. T. O'Connell and after his formal entry the new bishop was vested. Escorted by visiting dignitaries, he proceeded to the cathedral. The procession was composed of more than 500 bishops, priests and altar boys. As soon as Bishop Schrembs took his seat upon the throne three papal bulls were read. These documents from the pope contained the official decree proclaiming Rt. Rev. Joseph Schrembs bishop of Toledo. Bishop Farrelly of Cleveland, who was to have formally turned over the diocese to the new bishop, took cold on Sunday and was unable to attend. Chancellor C. T. O'Reilly acted in his stead.

To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this invitation to become one.
